

STAR AWARDS 2025

Sponsorship Opportunities For 2025

Wednesday 2nd July
North Church, LS3 1HJ

STAR AWARDS 2025

About us

Leeds City College is one of the largest further education institutions in the country, with more than 20,000 students, and is one of the biggest providers of apprenticeships regionally. Our selection of courses covers almost all subject areas, including academic and vocational qualifications at multiple levels. From apprenticeships, to T Levels and vocational courses, Leeds City College's qualifications ensure every student is supported with their academic journey.

The college has students ranging from 14 - 16 years within the 14+ Academy, and the vast majority of the students at Leeds City College are 16 - 18 years. As well as those with an Education Health Care Plan that supports study up to 24 years, the college has adult learners of all ages enrolled on specifically tailored courses.

Leeds Sixth Form College believes every student can excel, regardless of their background. They offer a range of A level subjects allowing students to specialise in their chosen subjects and gain recognisable qualifications that can lead to university, employment or an apprenticeship.

Both institutions are part of Luminare Education Group.

STAR AWARDS 2025

About the event

The Star Awards

The evening celebrates both students from Leeds City College and Leeds Sixth Form College showcasing the innovative and remarkable work of our students in their academic and extracurricular activities, often against extreme adversity.

Luminate Education Group's Senior Leadership Team, Department Teachers, shortlisted students and families, plus local businesses and Sponsors are invited to enjoy the evening.

The Star Awards, now in its ninth year, begins with a canapé welcome and hosts an impactful award ceremony representing the talents of this year's students.

Highlighting the successes of the evening, our students are promoted across media platforms so everyone can celebrate their achievements.

Last year, we received 5.1k impressions on social media for the Star Awards.

STAR AWARDS 2025

STAR AWARDS 2025

The Awards

Legacy Achievement Award

The Legacy Achievement Award recognises an alumni student who has excelled in their chosen career since studying at Leeds City College or Leeds Sixth Form College.

Overcoming Adversity Award

This is awarded to an individual who has demonstrated resilience in the face of adversity or challenges and achieved success in their academic studies.

Community Connection Award

This award goes to a student who has good social networks in the area and helps these connections in order to improve services and address barriers within college or their local community.

Adult Accomplishment Award

This award goes to a student over 19 years, who has demonstrated exceptional commitment and academic excellence in their college studies.

The Academic Award

This recognises a student who has shown dedication in their course and excelled in all tasks assigned to them in order to achieve high grades.

The Star Award

The Star Award recognises a student who has been consistently dedicated to their studies at college and is both excelling academically and embedding the values of their college.

Artistry Excellence Award

This award recognises a student who has demonstrated outstanding creativity, skill, and innovation in their artistic pursuits, showcasing exceptional talent and dedication to their craft throughout their time at college.

Digital Visionary Award

This award goes to a student who is showing fresh and original thinking, utilising their digital literacy skills or AI to support academic studies.

STEM Initiative Award

This award goes to a learner who is demonstrating outstanding talent within Science, Technology, Engineering or Maths.

Rising Star Award

This award goes to a learner whose academic performance has significantly improved over the year and demonstrates their rising talent.
